**Students** with physical disabilities, specific learning difficulties (e.g. dyslexia) or ongoing health/mental health issues that may have an impact on their studies are advised to answer 'yes' to the question 'do you have a disability?' on the application. This will **not** affect the success of the application - it will allow us to provide appropriate support, where possible. Such students may need to bring with them official documentation, in certified English translation, so that conditions can be verified and properly understood. More information about student support available is [here](#) and [here](#), please note the DSA allowance is only available to students residing in England.
